

## CONTENTS OF VOLUME 271

Structural Restriction in Bile Acids and Non-Ionic Detergents for Promotion of Heparin Absorption from Rat Gastro-Intestinal Tract. <i>S. Guarini and W. Ferrari</i>	4
Pharmacological Study of Pentazocine-Naloxone Combination: Interest as a Potentially non Abusable Oral Form of Pentazocine. <i>J. Legros, H. Khalili-Varasteh and G. Margetts</i>	11
Structure Activity Relationships of Resorcinol Substituted Ring Systems. <i>M. Ilhan, J. P. Long, J. Flynn, R. Bhatnagar and J. G. Cannon</i>	22
The Role of Adrenergic, Purinergic and Opiate Receptors in the Control of Prostacyclin-Induced Contraction in the Guinea-Pig Ileum. <i>R. M. Gaion and M. Trento</i>	33
Effect of Calcium-Entry Blockers and Divalent Cations on Noradrenaline-Induced Contractions of the Rat Anococcygeus Muscle. <i>M. A. Oriowo</i>	45
Effects of Organic $Ca^{2+}$ -Antagonists on Membrane Characteristics of Nodose Ganglion Cells in the Rabbit. <i>H. Ito, M. Sakanashi, T. Kawamura and K. Nishi</i>	53
Inotropic and Electrophysiological Effects of PY 108-068 on Isolated Cardiac Preparations. <i>M. T. Tejerina, C. Delgado, J. Diez and J. Tamargo</i>	64
Electromechanical Dissociation and Possible Uncoupling of Phosphorylation Following Tachydysrhythmic Dose of Amrinone in the Guinea-Pig Langendorff Heart Preparation. <i>G. Onuaguluchi and R. D. Tanz</i>	81
Effects of Procaine on the Isolated Dog Coronary Artery. <i>S. Imai, M. Nakazawa, H. Imai and H. Nabata</i>	98
Transmitter Release at the Mouse Neuromuscular Junction Stimulated by Cadmium Ions. <i>M. Nishimura, I. Tsutsui, O. Yagasaki and I. Yanagiya</i>	106
Alpha <sub>2</sub> Adrenoceptor-Mediated Contraction of Frog Rectus Abdominis Muscle. <i>M. Parle and S. K. Kulkarni</i>	122
Excitatory and Inhibitory Effects of H <sub>1</sub> -Blockers on Isolated Bullfrog Spinal Cords. <i>T. Saito, H. Tagami, C. Kamei and K. Tasaka</i>	127
<i>In Vivo</i> Anti-Allergic and Bronchopulmonary Pharmacology of REV 3164 in Rats and Guinea-Pigs. <i>M. Leibowitz, R. J. Gordon, P. S. Wolf and P. Sonnino-Goldman</i>	135
Dulcerozine-Induced Duodenal Ulcers in Rats: A Simple, Highly-Reliable Model for Evaluating Anti-Ulcer Agents. <i>Y. Kurebayashi, M. Asano, T. Hashizume and A. Akashi</i>	155
Effects of K-351 on Hemodynamics and Renin Release in Anesthetized Dogs. <i>H. Hisa, M. Suzuki, T. Kamijo and S. Satoh</i>	169
Modification of Apomorphine-, Physostigmine- and Pilocarpine-Induced Yawning after Long-Term Treatment with Neuroleptic or Cholinergic Agents. <i>I. Ushijima, Y. Noda, Y. Mizuki and M. Yamada</i>	180
Pharmacological Evidence that PK 8165 Behaves as a Partial Agonist of Brain Type Benzodiazepine Receptors. <i>J. Mizoule, J. Rataud, A. Uzan, M. Mazadier, M. Daniel, A. Gauthier, C. Ollat, C. Gueremy, C. Renault, M. C. Dubroeuq and G. Le Fur</i>	189
The Anxiogenic Action of FG 7142 in the Social Interaction Test is Reversed by Chlordiazepoxide and Ro 15-1788 but not by CGS 8216. <i>S. E. File and S. Pellow</i>	198
Chronic Anethole Trithione Treatment Enhances the Salivary Secretion and Increases the Muscarinic Acetylcholine Receptors in the Rat Submaxillary Gland. <i>Y. Ukai, N. Taniguchi, K. Takeshita, K. Kimura and H. Enomoto</i>	206

Dopaminergic Activity of a Nonhydroxylated Aminotetralin Derivative (TL-68) on Cat Hearts. <i>M. Ilhan, J. P. Long and J. G. Cannon</i> . . . . .	213
Nafazatrom (BAY g 6575), a Potent Stimulator of Prostacyclin Release from Cardiac and Renal Vessel Wall. <i>A.-K. Klitzke</i> . . . . .	220
Binding of Digitalis Derivatives to Beef, Cat and Human Cardiac ( $\text{Na}^+ + \text{K}^+$ )-ATPase. Affinity and Kinetic Constants. <i>L. Brown and E. Erdmann</i> . . . . .	229
Vasoconstrictor Responses of Isolated and Perfused Canine Mesenteric Arteries to Alpha-Adrenoceptor Agonists. <i>S. Chiba and M. Tsukada</i> . . . . .	241
Adrenoceptor Blocking Effects of Arotinolol, a New Combined $\alpha$ - and $\beta$ -Adrenoceptor Blocking Agent. <i>A. Miyagishi, H. Nakahara and Y. Hara</i> . . . . .	249
Development of Tolerance to Guanethidine in Three Hypertensive Rat Models. <i>G. O. Rankin, B. E. Watkins and D. G. Sawutz</i> . . . . .	263
Antagonism of the Hypertensive Effect of Physostigmine in Anesthetized Rat by Morphine. <i>S. Oktay, M. Ilhan, R. Onur and S. O. Kayaalp</i> . . . . .	275
Selectivity of Histamine for the Proximal Muscle Loop of the Cat Pylorus. <i>S. S. Shirazi and K. Schulze-Delrieu</i> . . . . .	282
The Effect of Urethane on Spontaneous and Stimulated Contractions of Isolated Rabbit Urinary Bladder. <i>C. A. Maggi, P. Santicoli and A. Meli</i> . . . . .	293
Progressive Foot Swelling in BUF Rats. A New Animal Model for Screening of Anti-Inflammatory and Anti-Rheumatic Drugs. <i>S. Ishizuki, N. Kanda, S. Kaneta and E. Fujihira</i> . . . . .	303
Effect of Gangliosides on Nerve Regeneration in Rats. <i>U. Mengs, K.-F. Schmidt, H. G. Wolff, R. Goldschmidt and H.-U. Tüllner</i> . . . . .	315
Glucose Homeostasis in Rats Acutely and Chronically Treated with Chloroquine. <i>W. Okitolonda, A.-M. Pottier, J. Leboulle, A. Hassoun, J. Rahier and J. C. Henquin</i> . . . . .	324
Contents of Volume 271 . . . . .	335
